ABSTRACT SUBMISSION

to

17th IUSTI World Congress

9 – 12 May 2016

Marrakech, Morocco

NOW OPEN

www.iustimarrakesh2016.com
The EUROGIN 2016 Congress aims at developing a full review of current scientific developments in the field of cervical cancer and human papillomavirus related diseases, raising the public health profile and increasing the need for responsible health services in this area. The event endeavors to translate scientific and evidence-based research into clinical practice while highlighting the following aspects:

- Recent advances and updated scientific insights in HPV screening, testing and management
- The impact of HPV and associated cancers on public health
- Strategies to prevent and treat HPV related diseases
- Exchanging information on early detection, new diagnostic and therapeutic procedures and prevention strategies including screening and HPV vaccination

Speakers include international leaders from academic, government and private organizations, representatives of medical and scientific societies, as well as women's health associations who will discuss and exchange ideas on issues relevant to both individuals and public health
